

# Associate in Arts in Elementary Education

## Program Overview

Upon completion of this degree, students will have professional preparation aligned to Michigan’s Teacher Preparation Standards including completion of minimum requirements for the apprenticeship component of clinical experiences in the primary grade band area of focus (PK-3 or 3-6). This program provides both research-based content and educator preparation including a practice-based preparatory system. Additionally, this degree aligns with the National Association for the Education of Young Children (NAEYC) Professional Standards.

## Additional Notes About the A.A. in Elementary Education Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites is listed below in the Example Course Sequence.
- This program as outlined does not meet MTA requirements. A student would need one additional natural science course because SCIE 190 satisfies the A.A. general education requirements but not MTA. If interested in the MTA, students should seek help from an advisor for course selection.
- This program outlines two different tracks, one for students planning to teach grades PK-3 and one for grades 3-6. Complete one track to fulfill the requirements for the A.A. Please consult with an advisor regularly about your specific educational goals.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before they plan to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.
