The Associate in Arts in Health Sciences offers a well-rounded general education degree, including a concentration in courses which prepares students for transfer to four-year institutions and further studies in nursing and other health care fields.

These courses are suggested by the department to meet the Associate in Arts degree requirements. For a complete list of course options, please refer to the general Associate in Arts curriculum guide. This degree can be adapted for various transfer institutions. Please contact an advisor to determine specific course requirements at the receiving institution prior to selecting general education options or electives.
