

Associate in Applied Science in Industrial Technology

Program Outcomes

Upon completion of this degree, students will have a well-rounded degree that will improve a student's cognitive thinking, problem solving, and communication skills.

Employment Opportunities or Additional Educational Options

With this degree, graduates will be more prepared for employment opportunities in welding, robotics, construction trades, or technology fields. Graduates will also be more prepared for continuing their studies at many four-year institutions.

Degree Requirements

To earn this degree, students must have an overall GPA of 2.0, fulfill the course requirements of the program listed below, have previously completed one of the following 30-34 credit hour certificate programs: Construction Trades Green Technology, Robotics, or Welding Technology, and complete a minimum of 60 total credit hours. Additionally, each General Education course must be completed with a minimum grade of "C." Courses marked with an asterisk may be substituted for different courses with approval. Talk to an advisor for specific details.

General Education Courses

COMMUNICATIONS

Course ID	Course	Credits
ENGL 103 or 103W	Freshman English 2 (or with workshop)	3 to 4 credits
ENGL 104	Freshman English 3	3 credits
SPEE 102 or SPEE 104	Fundamentals of Public Speaking or Intro to Human Communication	3 credits

MATHEMATICS

Course ID	Course	Credits
MATH 101 or MATH 102	Introductory Algebra or Mathematical Literacy	4 credits

Major Specific Required Courses

Course ID	Course	Credits
ISYS 110	Introduction to Computer Technology	3 credits
INTE 227	Industrial Robotics	2 credits
INTE 255	Internship	3 credits

Complete 6 credits from the list below

Course ID	Course	Credits
Any CADD	Computer Aided Drafting and Design courses not previously completed	varies
Any CONS	Construction Trades courses not previously completed	varies
Any ELEC	Robotics courses not previously completed	varies
Any INTE	Industrial Technology courses not previously completed	varies
Any WELD	Welding Technology courses not previously completed	Varies
PHED 103	Life Wellness	2 credits

Additional Notes About the A.A.S. Industrial Technology Program

- A prerequisite course may be needed prior to enrollment in some courses within this program. Specific prerequisite requirements are listed in the Course Description section in the Course Catalog. A summary of the prerequisites are listed below in the Example Course Sequence section.
- This program as outlined does not meet MTA requirements. Students interested in satisfying MTA need a higher level math course, two natural science courses, two social science courses, and two humanities courses. To ensure proper course selection for MTA requirements, please see your advisor frequently.
- This program requires students to have previously earned a certificate in either Construction Trades Green Technology, Robotics, or Welding Technology.
- Students may need to complete additional courses to earn 60 total credits.
- Courses taken out of sequence may delay a student's ability to complete the program in a timely manner. Please consult your advisor regularly.
- Each student should submit a graduation application at least one full semester before he/she plans to graduate.
- This program is subject to change. Students should consult with their advisor for program updates.

Example Course Sequence

The following is a sample of a semester-by-semester approach to completing this program. The first two semesters complete the certificate program.

THIRD SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of "C" Required)
ISYS 110 Introduction to Computer Technology	3 credits	None
ENGL 103 or 103W Freshman English 2 (or with workshop)	3 to 4 credits	CRIT 103, CRIT 103W, or test scores (concurrent enrollment allowed); ENGL 101 or test score
SPEE 102 Fundamentals of Public Speaking or SPEE 104 Introduction to Human Communication	3 credits	See Course Description for Details
Program Elective	3 to 4 credits	See Course Description for Details
Program Elective	3 to 4 credits	See Course Description for Details

FOURTH SEMESTER

Courses	Credits	Prerequisites (Minimum Grade of "C" Required)
ENGL 104 Freshman English 3	3 credits	ENGL 103 or 103W
INTE 227 Industrial Robotics	2 credits	CRIT 103, CRIT 103W, or test scores (concurrent enrollment allowed)
INTE 255 Internship	3 credits	Completion of 30 technology credits with a minimum grade of C and permission of the program advisor
MATH 101 Introductory Algebra or MATH 102 Mathematical Literacy	4 credits	MATH 098 or test score
